Please be aware that the event accreditation system available via [member options](#), is now checking that barred list check is in place as well as the date this expires. Due to this, members may see an in date DBS but this element showing as a fail: should this occur the DBS was not with barred list check. An example of this is below. If this is the case, you will need a new DBS for the appropriate role.

### NEW – Club Constitution of a Charitable Incorporated Organisation

Charitable Incorporated Organisations (CIOs) are a relatively new legal structure available for charities or charitable groups that wish to be incorporated. It is designed to offer the protection of limited liability status (normally only afforded by a charitable company) but without the burden of dual regulation associated with a charitable company. CIOs are only regulated by the Charity Commission and they manage the application process.

Please [click here](#) for a link to the template. Clubs are advised to use the template and send this to the Charity commission for approval. Once approved by the Charity commission please send this approval, and your constitution to [eastmidland@swimming.org](mailto:eastmidland@swimming.org)

There is one accreditation for the full long course Championships, most Regions are now using the accreditation system so please be mindful when ordering so you have the right accreditation for our Championships. The accreditations will be available up to and during the Championships but we would encourage everyone who may be attending checks that all their elements are 'green/pass' so any issues can be resolved early.
