Experienced water polo coaches from across the sport are being offered the opportunity to be part of a new bespoke professional learning programme.

An online information session to find out more about the opportunity will take place at 7pm on Monday 9 December. To learn how you can register your interest for that session click [here](#).

Codes of conduct concerns/Behavioural Policy

Our safeguarding team have recently received a few concerns that have in fact been behavioural/code of conduct issues. We would encourage clubs and club members to ensure they have familiarised themselves with club codes of conduct – which all members, and parents (for under 18s) should be signing to agree to each year – so as to ensure that any complaints or concerns are dealt with appropriately. For copies of the Swim England codes of conduct, behavioural policy and behaviour template, please click [here](#). For more information on club complaints please click [here](#).

Safeguarding concerns.

A safeguarding concern is an allegation that harm has, or may have, occurred to a child or adult as a result of a form of abuse by another individual or group of individuals. If you have a safeguarding concern then in the first instance this should be taken to your club welfare officer. If you are unable to gain support from your club welfare officer then you can contact your county welfare officer or failing that, your regional welfare officer. You will be advised and supported if this complaint should go directly to Swim England.

If the concern is urgent and about a child at risk, and you cannot contact your Welfare Officer or the Swim England safeguarding team, you can call the NSPCC on 0808 800 5000. If it is an emergency because a child or adult is at immediate risk, then call the police or children's social care (if appropriate) in your area. If a child or adult is in immediate danger contact the police on 999. For non-emergencies 101.

Masters Club and Section Requirements - a reminder

A reminder to Masters clubs, and those clubs with Masters sections, earlier this year Swim England updated the requirements for Masters clubs, particularly regarding Welfare Officers, DBS checks and Safeguarding training. As of the 1st of August 2024, all Masters clubs should have a Welfare Officer in place and all Masters coaches, teachers and welfare officers should now have a basic DBS check, and have attended Swim England safeguarding training.

We appreciate that the DBS requirement comes with an additional cost, which volunteers within non-masters clubs do not have to pay, so in the interests of equality and fairness, as a region we have agreed to reimburse the cost of DBS checks for any Masters welfare officers or volunteer coaches and teachers.

Coach Development Opportunity

GoCardless Swim England National Winter Championships 2024

Description: Coach Wellbeing is a priority area for Swim England, the coaching team and the sport. We want to recognise the brilliant but difficult job coaches play in sport. As we look to the future of supporting coaches in the Aquatics, we wanted to mark this event with a dedicated session on coach wellbeing. This session promises to be quite different to your normal CPD workshop. Where we will be using storytelling to highlight aspects of coach wellbeing in a novel way. We hope that the session will inspire and provoke you. We would like to welcome all coaches that are attending the event as well as all other coaches that can get to Sheffield on a Wednesday night.

Club Affiliation

As you are hopefully aware, after an extensive review, Swim England have paused the SwimMark accreditation process whilst they look to develop a new and improved framework to better support the long term development of clubs and reduce the administrative burden on volunteers.

Clubs who usually complete SwimMark will retain their SwimMark status for the next year however in place of SwimMark they will need to complete Swim England's minimum standard to remain an affiliated club: Club Affiliation.

Completing Club Affiliation means that a club is operating in a safe and compliant way and has achieved the minimum standard of safe and effective practice.

In doing so, members of an affiliated club are permitted to train and compete safely and with insurance. Without Club Affiliation, a club may be temporarily suspended and as a result, its members are not insured to train and are not permitted to compete at any level of club, county, regional, national or international competition. In the case of continued non-compliance, clubs will lose their affiliation to Swim England.

If you were due to complete SwimMark accreditation in January, you will need to instead complete Club Affiliation by the same deadline (Monday 13th January). If you need support, please email
